Him That His System Collapsed
To-day—He Was a Black-
smith.

Middletown, Conn., Aug. 27.—For two weeks John Dunn of this place has been hiccoughing and to-day he died, following a particularly severe attack of the malady. The continuous strain during the long period of the hiccoughs weakened his system so that it collapsed to-day. Dunn was a blacksmith by occupation.

WIFE HEARD SPLASH

Which Told Her That Her Husband Had
Fallen In.

Weira, N. H., Aug. 27.—James E. Randlett, aged 58, a well known architect of Concord, N. H., and a Grand Army veteran, was drowned in Lake Winnepesaukee, off Roanoke island, late yesterday afternoon, falling so suddenly from his power boat that his wife, who stood in the bow keeping a lookout, did not see the accident and was aroused only by the splash in the water. When she turned back she found her husband missing.

Bravely the almost distracted wife shut off the power and frantically endeavored to head the craft in the direction of the spot where her husband sank, but her efforts were fruitless and she was found later by another power boat party, who towed her craft to Bear Island.

Mrs. Randlett is too greatly overcome to give any account of her husband's drowning. It is assumed, however, that he may have received an apoplectic or paralytic shock or have been attacked with heart disease. Further, it is thought, he was standing in the stern of the boat and when it struck backward into the water.

The Randletts and their daughter have been guests at Bear Island and had yesterday attended the Grand Army reunion here.

MET AWFUL DEATH
ON A SET SCREWCharles H. Lambert Killed at East Doug-
las, Mass., His Body Being Ter-
ribly Torn.

East Douglas, Mass., Aug. 27.—Charles H. Lambert, a forger in the local plant of the American Axe and Tool company, met an awful death yesterday. Falling from a ladder while he was adjusting a belt preparatory to beginning work, his cloth caught on a set screw of a pulley and he was whirled around at the rate of 300 revolutions a minute.

It was fully a minute before the foreman shut off the power. Lambert's body had then been wracked to pieces. His right arm was wound around the drum, his two legs severed, the top of his head had been lopped off, his body was a mass of cuts and bruises and every shred of clothing was torn from it.

Lambert was 48 years old. He is survived by a wife and eight children.

AIR MACHINE FELL.

Operator Not Injured But Biplane Lost
One of Wings.

Reims, Aug. 27.—Pelham, the most dangerous rival of Hubert Latham, who yesterday made a record flight of 97 miles in 2 hours and 13 seconds, attempted to win back his lost laurels today but his biplane fell to the ground and broke one wing. The aviator was not injured, but the machine was so badly damaged that it is hardly thought that it will be able to enter the later races.

Louisa Bleriot is generally picked to win the grand honors in the great international race tomorrow, but it is also believed that Glenn Curtiss, the American representative, has a good chance to win a prominent place in the event. Bleriot made a splendid flight of 20 miles today in a straight win.

YOUNG LOVERS QUARRELED.

Then Boy Shot His Sweetheart and
Then Himself.

New York, Aug. 27.—The quarrel of two youthful Brooklyn lovers, Frank Williamson and Florence Wood, each 17 years old, ended suddenly last night when Williamson, sitting at the girl's feet on the veranda of her home, in Decatur street, pulled a revolver from his hip pocket and fired quickly, first at her and then at himself. The first shot went into the girl's head near the ear and the second bullet penetrated his own temple. The two were taken unconscious to a nearby hospital. Their condition is critical.

BEHEADED AS HE DRANK.

Greek Laborer Killed by a Fall of
Rock.

Rocklin, Me., Aug. 27.—Rocks falling from a cliff of the Upper line rock quarry yesterday practically beheaded a Greek laborer named Saperes Delatris, who was kneeling to drink from a spring. Dr. G. L. Crockett, the medical director, decided that an inquest was unnecessary.

The victim was 40 years old and leaves a wife and four children in Greece.

NEW VERMONT RAILWAY.

Route Laid Out for Opening Up Nine
Miles of Marble.

Rutland, Aug. 27.—The route has been practically decided upon for at least part of the railroad that the prospective purchasers of the \$250,000 plant of the Columbian Marble company in this city are to build to give access to the nine miles of marble land they recently purchased in Timbimoth and Danby. Surveyors are now at work in West Rutland, where the road will connect with the Delaware & Hudson tracks and it is stated that \$1,000,000 will be laid out in the new line which will be run by steam power.

A valley, that of the Clarendon Springs stream, runs nearly due south from West Rutland, almost to Timbimoth and it is this valley that the road will follow, the grade being very gradual except at the south end. The proposition now is to build a spur over the hill from Granville, N. L., giving an outlet in another direction.

When asked if the road would handle more than the company's freight, the officials declined to answer further than that it would be built on a scale that would surprise everybody.

The Columbian concern is replacing its wooden buildings with new steel structures and is putting up an additional steel mill, 250 by 80 feet in dimensions. Within a few months Rutland will be running an enterprise employing 150 hands, which has been idle for two years.

BOY SHOT IN LUNG

PLAYING "WAR GAME"

Little Merwin Chase in Hospital After
"Battle of Ridge Hill" with Cam-
pello Lads as "Reds and Blues."

Brookline, Mass., Aug. 27.—Merwin Chase, aged 11, was accidentally shot over the heart yesterday afternoon by Joseph Allen, aged 12, in an encounter between the "Reds" and the "Blues" in a "war game" between Campello boys at Ridge hill on Longwood avenue. The wounded boy was taken to the office of Dr. J. M. Morin, where the wound was dressed and he was then removed to the Relief hospital, where surgeons probed for the bullet. The latter entered the left lung and the boy is on the dangerous list. An investigation by the police established them that the shooting was accidental.

The Chase boy is the son of Mr. and Mrs. Joseph Chase of Lancaster street and the Allen boy is the son of Mr. and Mrs. Edward Allen of Grand street. The weapon used was a 22-calibre single fire rifle, owned by Ernest Gundstrom of 25 Grand avenue.

Interested in the "war game" of last week in this section, some 25 boys of the neighborhood gathered and planned to emulate their elders. The Blues were represented by about a dozen boys known as company A of the Ridge Hill battalion, and were under the command of "Capt." Ernest Gundstrom. Merwin Chase being first lieutenant of the company. The "Reds" numbered about the same, and they formed on Nelson street to emulate their elders. THREW STONE AT TRAIN.

Is Charge Made Against Man in Bur-
lington.

Burlington, August 27.—Ira Downing, who says that he hails from Starksboro was brought into this city last night by J. W. Bralton, a Rutland railroad officer, and placed in custody pending investigation for the charge of breaking windows while the train was in motion and perhaps for attempting to wreck a train.

As the train leaving here at four o'clock was about a mile this side of the Chittenden station yesterday afternoon, a stone was thrown through one of the coach windows, breaking the glass and narrowly missing a woman who occupied the seat. The misdemeanor was reported at Rutland and Officer Bralton was dispatched to look up the case. He wired the station agents to be on the lookout for suspicious characters and G. H. Cook of Shelburne, spring one, ordered him to stop. The man immediately fled but Cook overtook him and placed him under arrest. Downing said that he worked for a Mrs. Reed in Shelburne.

Limelight To-day and Expresses
His Conviction of the Nature
of the Disease.

Cleveland, O., Aug. 27.—Dr. R. F. Biggs, physician for John D. Rockefeller, declared to-day his belief that Edward H. Harriman, the railroad autocrat, is suffering from cancer. He said that the course of treatment recently undergone at the hands of a European specialist was a certain indication that the diagnosis showed the dread disease. Dr. Biggs thinks that even an operation can prolong Harriman's life only a few weeks.

Bradford, Aug. 27.—The last day of the fair of the Bradford Agricultural and trotting association yesterday was spoiled by rain, which made the track so heavy and slippery that the races were called off until afternoon. There were about 1,000 people present.

In the last heat of the 2:50 race, Ada Cander, owned by F. E. Richardson of Littleton, N. H., and driven by Mott Richardson, slipped in front of the grandstand, turned a complete somersault, the driver being thrown 20 feet. He was picked up unconscious, but neither he nor the horse was seriously injured.

On account of the heavy track the free-for-all and the 2:25 trot and pace were not completed, four heats being run in the former and two in the latter. The summary:

Olivelette of Plattsburgh, thrown in the mud and the mare ran around the track three times before being caught by Assistant Marshal John Woods. The accident was caused by boys on the grandstand stage frightening the mount of Chief Marshal Thad M. Chapman and his horse back into Mollie O. as she was being worked out before the race. Brattleboro, Aug. 27.—The fifth annual State convention of the Vermont Rural Letter Carriers' association came to a close last night after a very successful day. At the morning's sessions, the reports of the officers were given and the report of the finance committee was also made. Inspector W. W. Sawyer of Burlington made a short address and Congressman Frank Plimley of Northfield spoke on the income tax. The rest of the forenoon was spent in accounts of their work by several delegates.

The principal business of the day came at the afternoon session. The resolution committee made its report and B. H. Humphrey of Vergennes and Le-on Mixer of Brattleboro were elected delegates to the national convention. The old board of officers were re-elected. They are: President, H. W. Spooner of Vergennes; vice-president, J. W. Carpenter of St. Johnsbury; secretary, T. J. Stewart of Morrisville; treasurer, A. R. Garvin of North Craftsbury; executive board, C. R. WALKING THE TRACK
KILLED BY TRAINWilliam Eau Clare, Aged 60, Struck By
Canadian Pacific Train Near Rich-
ford Yesterday Afternoon.

Richford, Aug. 27.—William Eau Clare, aged about 60 years, was killed at five o'clock yesterday afternoon by being struck by a southbound freight train on the Canadian Pacific railway. The accident occurred about a half mile south of this station while Eau Clare was walking on the track. He was still breathing when picked up, but died before a doctor could reach him. The side of his head was crushed.

The man was better known as "Bill Bone." He was a day laborer and had been working in East Richford. He took the track to walk here on account of the rain and it is reported that he had been drinking. He is not known to have had any relatives. He was part Indian and came to Richford many years ago.

Stimulation, also, the report of a revolver was heard which served to attract even a larger crowd.

Napoleon Brissette proved to be the man with the gun and he was placed in jail, charged with shooting a revolver and beating and bruising Mrs. Lucia. He is a large man but cried while being taken to jail.

WILL MEET IN BURLINGTON.

Vermont State Teachers' Association
The Coming October.

Burlington, Aug. 27.—The Vermont State Teachers' association will hold its annual meeting in Burlington October 21-23, inclusive. An effort was made by the Burlington Commercial club to get the association to come to Burlington this year and it has been successful. The club committee on arrangements has secured the Strong theatre for the night of the 21st and the First Church for the following evening. Just what use will be made of these buildings by the association is not yet determined, but Ernest O. Howe of Randolph, who is chairman of the executive committee of the association, will probably make public the program before long.

The business meetings of the association will be held at the high school building. It was expected that Governor Hughes of New York would address the members of the association on the evening of the 21st, but the attempt to get him here proved unsuccessful. However, some lecturer, or other person of prominence, will be secured.

Her relatives, fearing that some harm had come to her, organized a big searching party, and the whole section was alarmed. Mrs. Shaw seems to be none the worse for her experience. She is 24 years of age. Heretofore she had never caused any trouble and it is thought that her mental ailment will pass away.

TABLET DEDICATED.

Marks Spot of a Historic Colonial
Fort.

Ludlow, Aug. 27.—Yesterday in that district of Cavendish known as Twenty Mile Stream, occurred the dedication of a historic tablet marking an emplacement on the famous military road completed about 1700, extending from Crown point on Lake Champlain to Charlestown, N. H., then known as Fort No. 4.

The unveiling of the tablet was performed by the Misses Christine and Dorothy Bigelow and Bessie Spaulding, the great-grand-daughters of Samuel Ames, who once lived on the farm where the tablet is erected. The historical address was made by Albin S. Burbank of Proctorville. The Ludlow cornet band furnished music.

Misses Annie Hildie and Florence Spaulding, great-grand-daughters of Sgt. James Hall of the British army, an early settler in the neighborhood, decorated the tablet. Formal presentation of the tablet to the Lucy Fletcher chapter, D. A. R., of Ludlow, which organization will be responsible for its future care, followed Mrs. Clara Wright Bathorn, regent of the chapter making the speech of acceptance. Further remarks were made by Frank L. Bigelow, Proctorville, and Hon. Gilbert A. Davis of Windsor.

HORSE WAS KILLED

And Wagon Was Smashed to Bits in
Thirty-foot Fall at Hospital.

While feeding beside a steep bank at the City hospital grounds yesterday afternoon a horse belonging to Dr. V. C. Goodrich backed the carriage to which it was attached over a steep bank and was drawn down a distance of 30 feet and killed, the outfit falling to Spaulding street.

Dr. Goodrich had been to the hospital with a patient and upon going into the hospital had hitched the horse with a weight. The doctor came out and unhitched the horse, then happening to think of some further directions, returned to the hospital for a moment.

The horse got its head down in an attempt to feed and kept backing the wagon toward the bank. Just as the doctor came out of the hospital the horse had backed the rear wheels of the wagon over the bank and was being pulled down. The doctor attempted to grasp the bridle, but was just too late to reach it and the outfit was precipitated over the 30-foot bank to the street below.

The horse struck directly on top of the wagon and its neck was broken in the fall. The wagon was smashed, the kindling wood and the harness was much torn. The loss of the outfit amounts to about \$250.

It was fortunate that there were no children playing in that locality, as they often do. This is the second time within a year that a horse has fallen over the bank. On the other occasion the animal, owned by Alex. Young, was not killed, but the wagon was badly smashed.

STATE HEALTH BOARD
WHIPS 'EM INTO LINEAnticipates No Further Trouble at St.
Johnsbury—Expects to Settle
Trouble at Island Pond

Also.

The Vermont state board of health was in session at Montpelier last night, giving a hearing on the elimination of a cow-pasture near the Island Pond water supply. This hearing was to allow the selection of that town to give more evidence. Decision was reserved.

The state board also conferred with State's Attorney Simonds of Calcutta relative to the recent decision of the Vermont Supreme court in sustaining the state board's power to condemn the water from the Passumpsic. It was stated after the conference that there was nothing to give out, although it could be said that no further trouble was expected.

It was announced that the state board of health is not interfering in the matter of Montpelier's water supply, but that it was the opinion of the board that State's Attorney Gates was proceeding all right. Attorney General Sargent is said not to be taking a hand in the prosecution either.

A FINE CONCERT.

Given by Leon Rice Last Evening—He
Will Give Another T-night.

The recital given by Leon Rice of New York in the Congregational church last evening under the auspices of the Ladies Aid society was enjoyed by a large and appreciative audience. Mr. Rice has a clear and sweet tenor voice. The two selections which seemed to be the greatest favorites with the audience were "Come into the Garden, Maud," and "The Ninety and Nine," which was sung to the accompaniment of the church organ. Mr. Rice was asked to sing "The Holy City," but as he did not have the music he will render that song to-night. The reader, G. J. Senger, gave two selections, one of which, "Bill Told Me," was especially enjoyed.

Mr. Rice has had an interesting career. Since he was eight years old he has been singing in public and last evening he made his 125th concert. It is expected that the church will be full to-night, when Mr. Rice will give a second concert, consisting of a different program.

GOVERNOR'S GOOD WORDS.

Says that the Late H. S. Willson Was
one of Vermont's Best Officials.

Governor Proctor was in Montpelier last night on his way to Middlebury to be a guest today of the Addison county fair association. He was accompanied by Col. C. E. Nelson of Derby, a member of his staff, and was joined at Burlington by another member of the staff, Col. E. P. Woodbury. Governor Proctor has received an invitation to be the special guest at the Sherbrook fair next Wednesday, but he has not decided about attending.

In speaking of Harry S. Willson, who died yesterday morning at his home in Arlington, Gov. Proctor said that he was one of the most efficient officials Vermont has, being cool, clear-headed and of excellent judgment.

Assistant Pastor of St. Monica's Church
Is to Go to Bakersfield—Has
Been Popular Minister
in Barre.

Knights of Columbus hall was filled with people last evening when the congregation of St. Monica's Catholic church gave Rev. Eugene F. Cray, their assistant pastor, a farewell reception on the eve of his departure for his new charge in Bakersfield. A program of vocal and instrumental music was enjoyed during the evening, and addresses were made by various members of the company. Rev. J. J. Cullen of Montpelier presided as chairman.

During the evening Father Cray was presented a purse of money from the congregation, the presentation being made by Father Cullen. He was also presented a purse of gold from the Ladies' auxiliary of the Ancient Order of Hibernians. This presentation was made by Mrs. O. N. Granger, president of the auxiliary. Father Cray responded in a fitting manner, and it was apparent that he was deeply touched by these tokens of appreciation.

The program of the evening consisted of a selection by Gilbertson's orchestra, a vocal solo by Mrs. Arthur C. Moore, an address by P. F. McCarthy, a song by several little girls, an address by D. J. Sullivan, vocal solo by Miss Rose Cook, and then the presentation of the purse. The program was concluded with a vocal solo by James Bennett and a selection by the orchestra.

Refreshments of ice cream and cake were then served by the ladies, after which dancing was enjoyed until a late hour.

Rev. Eugene F. Cray has been assistant pastor at St. Monica's church in this city for five years and eight months. He was sent to Barre immediately following his ordination after graduating from Grand Seminary at Montreal. Quiet and unassuming, always pleasant and always having a pleasant word, Father Cray has made many friends in Barre coming here outside his church as well as in, and all wish him success in his new field.
